

SPATIAL PLOTS FOR NORMAL AND CANCER

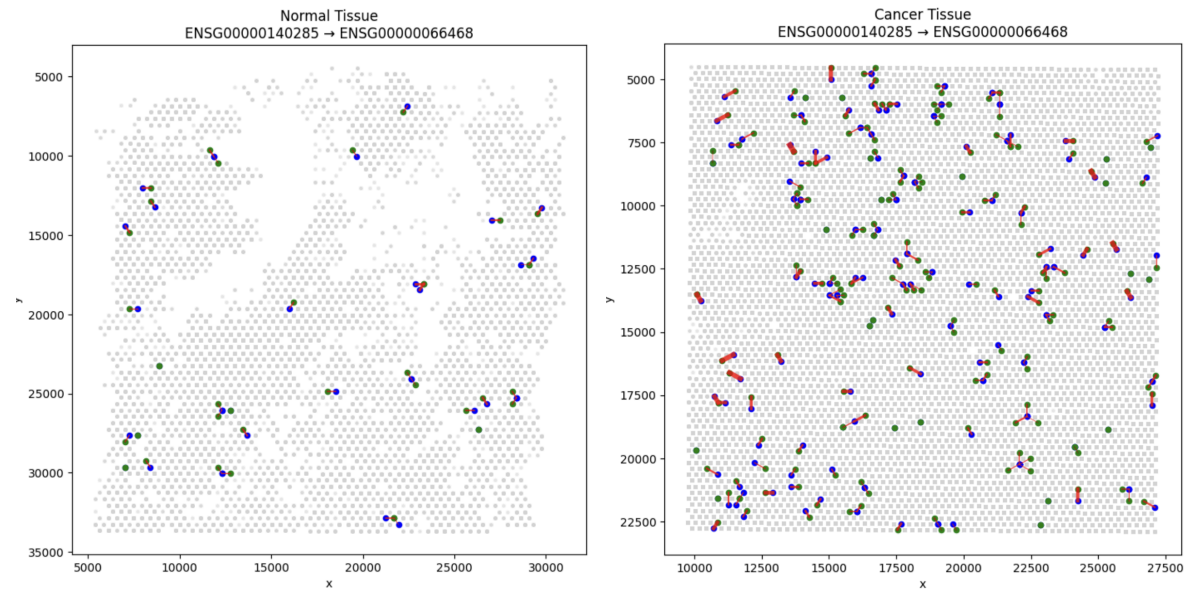

LIGAND: LGALS9
RECEPTOR: CD44

LIGAND: MDK
RECEPTOR: SDC1

LIGAND: FGF7
RECEPTOR: FGFR2

This LR pair ranked low in our list and this spatial plot is consistent with that result.

For each spatial plot:

Blue Spots: Sender

Green Spots: Receiver

Red Line: Interaction between sender and receiver

The thickness of the red line depicts the strength of interaction between sender and receiver.

The interactions have been plotted only for score > 0.1.
